PROFILE SUMMARY

Full Stack Development Instructor and Associate Software Engineer with 4+ years of experience in technical training and full-stack application development. Proficient in **Java, Python, JavaScript**, React.js, Node.js, Express.js, Spring Boot, MongoDB, and MySQL. Experienced in designing and delivering **industry-focused training programs**, developing scalable **web applications**, building **RESTful APIs**, **integrating databases**, and creating responsive user interfaces. Skilled at **mentoring** students, conducting hands-on workshops, simplifying complex technical concepts, and promoting **project-based learning** to prepare learners for real-world **software development** and **technical interviews**.

PROFESSIONAL EXPERIENCE

ADGIPS (Delhi, India)

Assistant Professor

April 2026 – May 2026

Roles and Responsibilities:

- Delivered lectures on **Theory of Computation (TOC)**, **Python**, and **Object-Oriented Programming (OOP)** while simplifying complex concepts through **structured explanations**, coding demonstrations for enhanced technical understanding.
- Fostered an engaging and interactive classroom environment by **encouraging teamwork, communication**, active participation, **technical discussions, coding activities**, and collaborative approaches during **full-stack development** and **programming workshops**.
- Enhanced student readiness for academic projects, **technical interviews**, and professional opportunities by creating **coding assignments, practical exercises**, and skill-oriented modules focused on **analytical thinking** and **software development practices**.
- Conducted classroom demonstrations and hands-on coding sessions to strengthen problem-solving abilities, programming fundamentals, and practical implementation skills using modern software development approaches.

TYSS (Bengaluru, Karnataka, India)

Associate Software Engineer

February 2024 – March 2026

Roles and Responsibilities:

- Wrote clean and maintainable **JavaScript** and **TypeScript** code following industry best practices while developing dynamic, component-based user interfaces using **React.js** for modern **web applications**.
- Conducted multiple **training sessions** across colleges such as **Mahendra College of Engineering**, Tamil Nadu, **Sri Shanmugha College of Engineering and Technology**, Tamil Nadu, **Sri Venkateswara College of Engineering**, Bengaluru, etc on frontend development.
- Trained and mentored more than **2000 students** across multiple colleges through interactive **technical sessions, practical workshops**, and industry-oriented learning approaches focused on software development concepts.
- Delivered **full-stack development training** covering JavaScript, TypeScript, React.js, Node.js, Express.js, and MongoDB with emphasis on clean coding practices and scalable application development.
- Conducted practical sessions on **HTML5, CSS3, Tailwind CSS**, and **Bootstrap** while helping students design responsive, accessible, and visually optimized web interfaces following modern **frontend development** standards and usability principles.
- Demonstrated **MongoDB database** operations including schema design, **CRUD functionality**, data retrieval, and storage management while helping students understand **backend integration** and **full-stack application**.

Expert Academy (Delhi, India)

Technical Trainer and Instructor

November 2022 – February 2024

Roles and Responsibilities:

- Delivered **instructor-led Java** and **Python Full Stack** training to students, fresh **graduates**, and **professionals**, covering **frontend, backend, databases**, and real-world **software development** concepts through practical sessions.
- Conducted hands-on Python training covering **Object-Oriented Programming, File Handling, Exception Handling, Modules, Packages, Multithreading**, and problem-solving techniques using coding exercises, assignments, and real-world examples.
- Trained students in **REST API development, client-server architecture, HTTP methods, JSON data handling, API integration**, and API testing using **Postman** through practical implementation and live projects.
- Conducted project-based learning through real-world application development, including E-commerce, Student Management System, Employee Management System and Portfolio Website, enabling students to gain practical full-stack development experience.

TECHNICAL SKILLS

- Programming Languages:** JavaScript, TypeScript, Python
- Frontend Development:** React.js, Next.js (Basic), Tailwind CSS, Bootstrap, HTML5, CSS3
- Backend Development:** Node.js, Express.js, Django
- Databases:** MongoDB, SQL
- Web & API Development:** RESTful APIs, JWT Authentication, CRUD Operations, API Integration, JSON, Client-Server Architecture
- Version Control:** Git, GitHub
- Tools & Platforms:** Postman, AWS (Basic), CI/CD, Vercel, Visual Studio Code, Visual Studio
- Operating Systems:** Windows, Linux
- Soft Skills:** Mentoring, Communication, Leadership, Problem Solving, Collaboration, Time Management

EDUCATION

Master of Computer Applications (MCA) | Guru Gobind Singh Indraprastha University, Dwarka, Delhi

Percentage: 86% | Duration: 2022 – 2024

Bachelor of Computer Applications (BCA) | Maharshi Dayanand University, Rohtak, Haryana

Percentage: 65.2% | Duration: 2018 – 2021
